Organisation Mission	<p>The Berlin Energy Agency acts as an independent and innovative energy service company. Founded as a public-private partnership equally by the State of Berlin, Vattenfall Europe Berlin AG Co. KG, GASAG AG and KfW Bankengruppe, we stand for competence and economical strength. Our experts' experience and know-how guarantee brisk and reliable cost-optimal and ecological procurement, production and utilisation of energy. We act as a service provider for industry, small and medium-sized companies, the tertiary sector and public administration.</p>		
Main organisation activities in relation to ECHO ACTION Project	<p>The Berlin Energy Agency will organise the network of ECHO ACTION families in Berlin. In co-operation with the State of Berlin and Vattenfall the focus of work will be set on power consumption of private households. A handbook will be created to keep track of economic and ecologic measures to save energy and to reduce CO₂-emissions. These measures will be bringing together in the "Vattenfall Energy-saving-house" at the German website of project. Additionally the households get advice at home directly and also at telephone hotline.</p>		
Role in the project	<p>The Berlin Energy Agency as the work package leader will co-ordinate the development of tools. We will develop the website. Additionally we will develop a software tool as user-friendly simulation tool for making tailored investment decisions.</p> <p>On national level the Berlin Energy Agency will establish the national campaign including national website, project presentation on events and PR.</p>
